Chameleon® 2x2

Designed to be ceiling-suspended, this model provides double sided attraction and is ideal for industrial and commercial food premises.

Populations of smaller flies are on the increase, putting jobs and reputations on the line. The double sided Chameleon® 2x2 protects large open areas and catches all sizes of flies, especially the smaller ones that may be missed by traditional fly units.

Chameleon® units from this range use interchangeable tubes and sticky boards to minimise stocking requirements.
