

### 250A 415V 3 Pole Load Break Switch

- Rated Current; 250A
- Rated Voltage; 415V
- Rated Short Circuit Making capacity – 3kA
- DIN rail Mountable
- Rated Impulse Voltage; 3kV
- Safe Isolation of main circuit
- Fits directly to eureka 250A EMS Style chassis
- Padlockable (EUR-3-250PD-Padlock attachment)
- Design and tested in accordance with IEC 60947-3:2005

Properties	
Manufacturer	Eureka
Product Range	Eureka Compact Load Break Switch
Utilisation Category	AC-23A
Rated Voltage	400V
Rated Frequency	50Hz
Rated Insulation Voltage	500V AC
Rated Impulse Voltage	3kV AC peak
Rated Duty	Uninterrupted
Rated Short-time Withstand Current	3kA rms for 1s
Rated Short Circuit Making Capacity	3kA
Standards Compliances	IEC 60947-3: 2005
