**Robertshaw®**

Frederick W. Robertshaw invented his first thermostat in 1899 and now almost 120 years later Robertshaw produces more than 10,000 sophisticated controls for commercial and home appliances. Robertshaw are a global leader in the appliance controls industry with 9 manufacturing plants and 7 distribution centres worldwide.

Since 1964 the Robertshaw Infinite Control has been the preferred product for controlling stove and grill elements. Since 1995 the M-Series Control has proven to be a reliable and cost effective solution to modern appliance design. It is also a reliable alternative to the ageing Infinite Controls.
